Response to restriction requirement and
election of species and preliminary
amendment

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the Office Action mailed, please amend the above-identified application as follows:

IN THE CLAIMS:

19. (Twice Amended) A method for preparing a DNA binding polypeptide of the cys-2-His zinc finger class capable of binding to a DNA triplet in a target DNA sequence comprising 5-meC, but not to an identical triplet comprising unmethylated C comprising:

a) selecting a model zinc finger domain from the group consisting of naturally occurring zinc fingers and consensus fingers; and
